

Best Opportunity Markets

This is *not* an exhaustive list of topics or periodicals. The *Christian Writers' Market Guide* provides information on more than 500 periodicals along with topical indexes. A new edition (now produced by The Jerry B. Jenkins Christian Writers Guild) is available the beginning of each year. I highly recommend purchasing it each year. It is also important to visit the periodical's website, study the guidelines for writers, and obtain a sample copy.
